## Why invest in corporate bonds?

- Potentially attractive risk adjusted returns make corporate bonds a core investment
- Significant yield pick up versus high grade government bonds
- Investment grade corporate bonds are a relative defensive asset due to low default risk - compared to Non-Investment Grade bonds, so-called speculative High Yield bond – as observed in the past and low volatility.

- IG Corporate Bonds historically with moderate volatility compared to other fixed income segments & equity

Past performances are not a reliable indicator of future performances and are not stable over time.

\*Synthetic risk and return indicator: for low risk, potential return is lower, and for high risk, potential return is higher. The risk profile is not constant, and may change over time.
